

Connecting People to Performance

Bundles, Pricing &
Product Information

A suite of digital tools - primarily for learning and development

An introduction to the SPICE Framework from its creator

SPICE Personal

SPICE Connect

SPICE Enterprise

SPICE Tailored

The SPICE Framework is a suite of practical tools for all businesses managing and developing their people in a changing world. We've collected these tools together into four SPICE Bundles for businesses of any size.

- SPICE Personal, which is for individual users and solopreneurs, supporting them in their own work and development.
- SPICE Connect, for situations where up to ten people work together
- SPICE Enterprise, for up to five teams and 50 individuals
- SPICE Tailored, a customised offering with the potential to white label and integrate the SPICE Framework with other business systems.

There is more information on pricing on page 5 but in summary, the SPICE Bundles provide businesses with a resource to connect their people to performance and development for as little as £30.00pm for SPICE Personal and £150.00pm for SPICE Connect.
